

JERRY GATHU

Software Developer

📞 254726945514 ✉️ jjgathu17@gmail.com

Web developer

Freelance

📅 10/2022 - Present 📍 Remote

- Developed high-performance web applications ensuring alignment with client specifications
- Coordinated with distributed engineering teams to maintain product quality and meet project deadlines
- Conducted client consultations to define project scope, refine requirements and translate business needs into technical solutions
- Tools used Laravel, Nodejs, Vue, React, SQL, MongoDB, Figma

Software Developer

Elephant Technologies Limited

📅 04/2024 - 12/2024 📍 Nairobi, Kenya

- Developed a task management system to streamline technician workflows, reducing operational delays by 30%
- Designed and implemented a Mikrotik-based wireless billing solution, automating invoicing and reducing manual errors by 90%
- Built a hotspot management system with real-time analytics, enabling data-driven decision-making for business growth
- Tools used Laravel, React, RouterOS, Redis, MySQL, Figma

Software Developer

Yashio Kenya

📅 05/2023 - 11/2023 📍 Nairobi, Kenya

- Collaborated with a cross-functional development team to create a scalable EdTech platform, enhancing accessibility and improving learning outcomes
- Integrated Stripe payment processing with subscription models that increased revenue streams
- Designed intuitive UI/UX designs using Figma, enhancing usability
- Integrated features in the backend with RESTful APIs that enabled personalized learning experiences
- Tools used Laravel, Vue, SQL, Figma

Backend and DevOps Intern

Hng

📅 10/2022 - 12/2022 📍 Remote

- Worked as a backend developer and DevOps engineer on an AI app that generates a cover letter from a resume using OpenAI
- Integrated CI/CD using Jenkins that improved deployment time of the application.
- Added Application Performance Monitoring with ELK stack that notified developers in slack when bugs occurred
- Tools used Nodejs, AWS, Jenkins, ELK, MongoDB

EDUCATION

Bachelor's Degree in Electrical, Control and Instrumentation

Jomo Kenyatta University of Agriculture and Technology

📅 2017 - 2022 📍 Location

SUMMARY

Experienced software developer with a strong track record of effective leadership, guiding teams to successful project execution. Proficient in crafting visually captivating web applications and building resilient backend architectures. Well-versed in deploying web applications to cloud environments, ensuring scalability and reliability.

SKILLS

Typescript	SQL
React/Vue	AWS
Laravel	MongoDB
Python	GraphQL

TOOLS

Git, Github
Docker
Jenkins
OpenAI

CERTIFICATES

AWS Cloud Bootcamp
LYFT Backend Engineering Program
